Mission Statement

School of Coding is a safe, well ordered and caring environment for learning. It delivers high quality education to all its students and supports them to develop their individual potential for growth, self-worth and self-control.

High quality outstanding teaching, and clear and consistent guidance and support facilitates students in succeeding in education. Our broad and balanced academic and vocational curriculum will provide students with access to a broad range of accredited qualifications as well as educational and social experiences, which will address their learning and emotional needs. Our purpose is to support every student to develop their true potential, make positive contributions to their families and find fulfillment in employment.

Values

1. Alternative Provision doesn't mean a dumping ground...it's mainstream with the reasonable adjustments to succeed
2. High standards and high expectations are incredibly important and are the cornerstones to a successful school
3. School of Coding should become the go-to place for educators from across the country to see best practice
4. Good simply isn't good enough
5. Learning is about a journey and there is more than one way to get to the destination
6. Qualifications, manners, respect and opportunity should be the foundations for students that need a second chance.

School Ethos

High standards – students are pushed to achieve beyond their potential, and staff work to ensure everything that we do is better than people expect.

Daring to Dream – students at School of Coding may have been in an educational setting where they lacked aspiration to be successful, at School of Coding we challenge students to reach their potential and go on to further education and employment.

Traditional Values – some things often get forgotten in education, at School of Coding we pride ourselves on mutual respect, good manners, making a positive contribution, supporting one another and an orderly, litter free environment.

Success – can come in many virtues, at School of Coding we celebrate the small steps every day and tell students when they are doing well. We ensure that students can have a successful future.

Personalized Support - all students at School of Coding have a Learning Coach who guides them, sets them bespoke targets and supports them in making social and academic progress.

Statement of Purpose

Educational visits are activities arranged by or on behalf of the school, which take place outside the school grounds. All off-site activities must serve an educational purpose, enhancing and enriching our students' learning experiences.

The aim of this policy is to establish a clear and coherent structure for the planning and evaluation of off-site visits, and to ensure that any risks are managed and kept to a minimum. Within these limits we seek to make our visits available to all students, and wherever possible, accessible to those with disabilities.

The benefits to students of taking part in visits and learning outside the classroom include, but are not limited to:

- Improvements in their ability to cope with change.
- Increased critical curiosity and resilience.
- Improved achievement and attainment across a range of curricular subjects. Students are active participants, not passive consumers, and a wide range of learning styles can flourish.
- Enhanced opportunities for 'real world' 'learning in context' and the development of the social and emotional aspects of intelligence.
- Increased risk management skills through opportunities for involvement in practical risk-benefit decisions in a range of contexts, for example encouraging students to become more risk aware as opposed to risk averse.
- Greater sense of personal responsibility.
- Possibilities for genuine teamwork including enhanced communication skills.

- Improved environmental appreciation, knowledge, awareness and understanding of a variety of environments.
- Improved awareness and knowledge of the importance and practices of sustainability.
- Physical skill acquisition and the development of a fit and healthy lifestyle.
- Provide a wider range of experiences for our students than could be provided on the school site alone.
- Promoting the independence of our students as learners to enable them to grow and develop in new learning environments.

Application

Any visit that leaves the school grounds is covered by this policy, whether as part of the curriculum, during school time, or outside the normal school day.

In addition to this Educational Visits Policy, School of Coding:

1. Adopts National Guidance www.oeapng.info
2. Uses EVOLVE, the web-based planning, notification, approval, monitoring and communication system for off-site activities.

All staff are required to plan and execute visits in line with school policy and national guidelines. Staff are directed to be familiar with the roles and responsibilities outlined within the guidance.

Roles and Responsibilities

Group Leaders (GL) are responsible for the planning of their visits:

- An approval form must be submitted via Evolve prior to planning and before making any commitments.
- Visit details should be entered on EVOLVE and must be submitted to the EVC for checking at least 10 days in advance.
- Overall responsibility for the supervision and conduct of the visit, including the health, safety and welfare of all involved.
- Ensure the student to adult ratio is appropriate to the group needs. For example, 1:15/20 for most non-residential visits, 1:10 for residential visits.
- Ensure first aid provision is available and special educational needs or medical needs of students are known and met.
- Responsible for ensuring that their visit complies with all relevant guidance and requirements.

- Where it is deemed necessary, visit the venue and produce risk assessments, Operating Procedures and Code of Conduct.
- Draft letter for parents.
- For residential visits, organize a meeting for parents.
- Organise staff and volunteers to go on the visit.
- Brief staff, volunteers and students on their roles. Producing a Visit Plan, the visit plan for intended educational visits must include the following:
 - Risk assessment
 - Report on preliminary visit (if applicable)
 - Application for approval of visit
 - General information
 - Names, ages, contact details, permission forms, medical records and other relevant details of all those going on the visit
 - Travel schedule
 - Accommodation plan (if applicable)
 - Full plan of activities
 - Fire precautions and evacuation procedures
 - Intended arrangements for supervision
 - Insurance arrangements for all members of the group
 - Emergency contacts and procedures
 - General communications information
 - Guidance for party leaders
 - Guidance for the emergency contact and Director of Education and Quality
 - Medical information

The Educational Visits Coordinator (EVC) will support and challenge colleagues with visits and learning outside the classroom (LOtC) activities. Additionally:

- Check GL and Staff are trained and approved for all planned activities.
- Help GL to produce risk assessments, Operating Procedures and Code of Conduct.
- Check final visit plans before submitting them to the Director of Education and Quality,
- Verify that all accompanying adults, including private car drivers, have had satisfactory Disclosure and Barring Service checks.
- Ensure all necessary permissions and medical forms are obtained.
- Only approve a visit when satisfied that all risks have been managed.

The Education Quality Manager will:

- Ensure visits comply with regulations and guidelines.
- Ensure adequate child protection measures are in place.
- Ensure agreed contact and emergency measures are in place including an allocated school emergency contact for out-of-hours and residential visits.
- Ensure the Educational Visits Coordinator is appointed, trained and qualified.
- Ensure parents are aware of visit details and have given consent.
- Authorize all visits on EVOLVE.
- Review systems and monitor practice.

The Senior Leadership Team

Will make decisions on the authorisation of all residential and overseas visits; the group leader will be required to attend a meeting to present their Proposal for Residential Visit (see appendix 4). This will ensure that the school shows how their plans comply with regulations and guidelines.

Staff Competence

We recognize that staff competence is the single most important factor in the safe management of visits, and support staff in developing their competence in the following ways:

- Supervision by senior staff on some educational visits.
- Support for staff to attend training courses relevant to their role, where necessary.

In deciding whether a member of staff is competent to be a visit leader, the Director of Education and Quality will take into account the following factors:

- Relevant experience.
- Previous relevant training.
- The prospective leader's ability to make dynamic risk management judgments and take charge in the event of an emergency.
- Knowledge of the students, the venue, and the activities to be undertaken.

Expectations of staff (including volunteers)

Staff are representing the school as well as the students and are expected to behave impeccably. Staff should dress appropriately for the trip in line with students. For example, if the students are wearing school uniforms the accompanying staff should dress accordingly in business dress.

Staff must not consume alcohol for the duration of the trip. Staff must not smoke whilst supervising students, this includes the use of e-cigarettes. If staff do smoke, they are expected to do so well away from the sight of students.

If activities on the trip are being led by external providers, staff must always remain with student groups. Students must never be left in the care of external providers no matter what their qualifications or DBS status – students are the responsibility of the school's trip staff for the duration of the trip.

Inclusion

It is our policy that all students should be able to participate in educational visits. Where a student with a disability is eligible for a trip, we will make every effort to ensure that s/he is included. We may seek guidance from parents to help us adapt our program and we will make any reasonable adjustments to our itinerary to include a student with disabilities. Any such adjustments will be included in the risk assessment.

Funding

The costing of off-site activities should include any of the following that apply:

- Transport
- Entrance fees
- Insurance
- Provision of any special resources or equipment
- Costs related to adult helpers
- Any refreshments the school has opted to pay for
- Cover costs where appropriate

Transport

Transport arrangements will allow a seat for each member of the party. It is our policy to only use coaches fitted with seat or lap belts and insist that they be worn by all those participating in the visit.

The use of private motor vehicles for transporting students to and from venues, including sporting fixtures, is discouraged. In the event of an emergency that dictates that a private motor vehicle must be used, the driver of the vehicle must be in possession of Business Insurance. Under no circumstances should a member of staff transport a student in a private motor vehicle on their own.

Where private cars are used for transport, the group leader is responsible for checking that the insurance (Business Insurance) of each driver covers such journeys and confirming this with the EVC. Explicit parental consent must be obtained to transport students in private vehicles.

If using the school/trust minibus, the driver must have completed a Minibus Driving Awareness Course. A list of approved drivers will be maintained and updated by the Head of Operations and Compliance.

Further Health and Safety Considerations

All adults accompanying a party must be made aware, by the group leader, of the risk assessments and emergency procedures which will apply. Each adult should be provided with an emergency telephone number. This will normally be the school number, but where an activity extends beyond the normal school day the home telephone number of a designated school emergency contact should be provided.

Before a group leaves school, the school office should be provided with a list of everyone travelling with the party, together with a program and timetable for the activity. During the visit the group leader must take whatever steps are necessary to ensure that students are safe and well looked after at all times. Prior to an activity, if it is felt that the behaviour of an individual student is likely to compromise the safety of others or the good name of the school, the group leader should discuss with the Director of Education and Quality the possibility of excluding that student from the activity. More detailed guidance on procedures and requirements can be obtained from www.oeapng.info.

Appendix 1

PARENTAL CONSENT FORM FOR EDUCATIONAL VISITS

(to accompany information letter to parents containing full visit details)

Name of Student:	
Date of Birth:	
Details of visit:	
Date(s) of visit:	

Please give details of any medical condition/ treatment which the school should be aware of, including any regular medication or allergies to any medication:

--

Details of any special dietary requirements:

--

I consent to _____(student name) participating in the visit/activity and have read the information sheet(s) provided.

I have read, agree and discussed School of Coding Code of Conduct for educational visits (located on the school's website) with my child.

I undertake to inform the school of any changes in the health of the student, or any other changes deemed relevant, prior to the date of departure.

I agree that staff may, in the event of an emergency, give permission for my child to receive medical treatment, including administration of an anesthetic or blood transfusion, as considered necessary by the medical authorities.

Parent/Career's Full Name:

Contact Numbers Mobile:	
Signature of Parent/Career:	
Date:	

Appendix 2

Code of Conduct – Educational Visits

All students who are taken on organized school visits are required to accept and conform to School of Coding's Code of Conduct for educational visits. Parents must also agree to the code and accept that any serious breach of discipline at any time may result in sending a student home early by arrangement with the Group Leader.

- Students should observe the School of Coding Code of Conduct with regard to behaviour and support staff to ensure the safety of all members of the group.
- Students must comply with all safety notices and instructions issued by the Group Leader, member of staff or appropriate adult and adhere to the regulations set up for specific trips.
- Students are required to behave in a manner that causes no offense to the general public or other members of the group and in a manner that poses no threat to safety.
- Students are responsible for the security of their own property and should ensure that items are marked with their name/ postcode. There may be a requirement for certain items, such as mobile phones, to be handed in or switched off for a period of time.
- Smoking, alcohol, illegal drugs, explosives (fireworks) or objects regarded as weapons are banned. Any student found in possession is likely to be sent home at the expense of the parent. Further consequences may follow.
- Any damage incurred by students will be the financial responsibility of parents.
- All students must arrive at pre-arranged meeting places at the correct times. Some short periods of time may be used for unsupervised activities, students must comply with the rules laid down, keeping with their group at these times.
- Students must remain seated with seat belts fastened whilst traveling in vehicles. They must adhere to coach company policy where applicable.

Residential & Overseas Visits:

- Students are expected to adhere to the rules laid down by staff regarding sleeping, eating and recreational arrangements. Failure to do this or creating a nuisance may lead to a student being sent home at the expense of the parents, or parents may be asked to collect the student.
- Abide by the laws, rules and regulations of the countries and places visited.
- Students should not enter the rooms or accommodation of the opposite sex.
- Students must take adequate supplies of any medication which may be needed during the visit.

Appendix 3

Proposal for Residential Visit in 2024 - 2025 Academic Year

To be completed and presented to the Director of Education and Quality for approval. Date of meeting:

Group Leader	
Other accompanying teachers	
Other accompanying support staff	
Other accompanying volunteers	
Approx. number of students (B/G)	
Proposed dates	
Place to be visited	
Purpose of visit	
Cost per head Is price fixed? Is cancellation Insurance included?	
Name of any tour operator or provider	
Details of activities involved	
Type of accommodation	
Meals included	

Educational rationale	
-----------------------	--

You may attach accompanying information and/or evaluations of previous similar visits.
